Have Your Say on the Future of Braunton

You will remember the Parish Plan in 2006, which many of you helped us to produce by completing questionnaires or coming along to consultation events held in the Parish Hall.

We hope that you've noticed that many of the actions identified in the Action Plan have been acted upon including improvements to the

Recreation Ground and Pavilion, improvements and enhancements to Velator Quay, renewable energy feasibility study which resulted in solar PV panels being installed on community buildings, provision of a flood defence scheme and Community Emergency Plan and resurfacing and realignment of the main Caen Street car park and Chaloners Road car park.

Our Action Plan ran until June 2016 and it now needs to be reviewed. The process will be led by the Parish Council but will involve many others from within the community. The method this time will be much simpler, as the core Plan already exists but the aim remains the same to discover the needs, wants and aspirations of the people who live in Braunton, Knowle, Saunton and the surrounding hamlets.

We hope that you will take the time to complete the questionnaire and share your views with us regarding what you would like to see happen or change in the parish. We want to find out about all the issues that affect the community: things like housing, transport, work, the area we live in, how we like to spend leisure time etc. Once the information from the questionnaires has been analysed this will help us to update the existing Action Plan.

You can request a hard copy of the questionnaire by contacting the Parish Council office or alternatively you can complete it online at <http://goo.gl/IgQNj8>

If you require any help in completing the form, please contact the Parish Council office on 01271 812131 and they will arrange for someone to come along and see you.

We would be grateful if you would return your completed questionnaire to the Parish Council office no later than Friday 14 October 2016.

Remember it's your parish – make sure you have your say in its future by filling in the questionnaire and returning it.

Thank you for your help.
