

Flooding Advice and Information

Now the weather has changed, it is worth being prepared to minimise the devastating effects of flooding if your property is at risk. Start by checking your likely risk and, if necessary, make a flood plan for your home or business. There is plenty of advice available online and also information on measures you can take to protect your property and reduce loss. Remember to stay informed and stay safe.

Useful Websites

Flood Map for Planning Service -

You can check your risk by postcode

Environment Agency - What to do before, during and after a flood, including preparing a personal flood plan

Met Office - Seasonal Advice including what to do in a flood

National Flood Forum - A charity to help, support and represent people at risk of flooding
